Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Applicant's representative clarified the differences between the invention and the prior art of record. Applicant will consider filing a response directed toward these differences. Applicant further clarified the intended use of the phrase user independent and the 112 2nd rejection will be reconsidered after the response. Applicant provided support for the limitation of the three-dimensional data containing an assembly structure of a product, therefore the 112 1st paragraph rejection of claims 1, 14, and 15 has been withdrawn .
